

**NSDI Cooperative Agreements Program  
Framework Demonstration Projects  
Final Technical Report**

Project title:

Cooperative Agreement Number:

Project start and end dates:

Lead project organization:

Collaborating organizations (list):

Principal contact:

List project presentations at public conferences:

- a. Project summary: a short general description of project; its tasks, highlights, challenges and accomplishments.
- b. Describe project outcomes and results.
- c. Based on your experience what would you recommend for framework implementation and development.
- d. What is your assessment of project success (both technical, institutional and organizational)?
- e. Discuss the issues, difficulties, and challenges (both technical, institutional and organizational) that were encountered.
- f. Based on your perspective and project experience discuss user requirements for framework data in a national level spatial data infrastructure.
- g. Describe your plans for follow-on activities.

Please mail or email report to:

U.S. Geological Survey  
Federal Geographic Data Committee  
590 National Center  
Reston, VA 20192
